ABOUT US

Filipinas-Global Multi-Services Inc. is a land-based recruitment firm with authorization from both the Department of Migrant Workers (DMW) and the Department of Labor and Employment (DOLE). The company excels in placing Filipino professionals and skilled workers in international job positions.

Founded by a group of the Philippines' top professionals in manpower services, Filipinas-Global Multi-Services Inc. was established in January 1980 in response to the increasing demand for superior and reliable manpower across a range of specialized fields. The core values driving the foundation of this corporation are a dedicated mission of service and a strong commitment to uphold the reputation of Filipino workers overseas.

Incorporated in accordance with Philippine laws, our company has received official recognition and authorization from the government of the Republic of the Philippines to conduct business related to operation, procurement, training, and placement services. To enhance these services and ensure the generation of a competent manpower pool, the company oversees a training and testing center that covers all areas of manpower skills and engages in related activities. Our primary goal is to export manpower, and we do so with speed and efficiency by leveraging unique expertise and a dedicated, round-the-clock team. The company adheres to a strict policy of recruiting only the most qualified candidates.
